Public Input Forums – Beach Area Parking Zones

The Imperial Beach Public Safety Department is currently evaluating the establishment of Beach Area Parking Zones for street parking between 3rd Street and Seacoast Drive, including all street-ends near the beach and from Carnation Avenue to the south end of Seacoast Drive. Three types of zones are being considered:

- **Commercial Parking Zone** with a mix of 20 minute, 1 hour and 2 hour parking limits
- **Beach Parking Zone** with 4 hour parking limits
- **Residential Parking Zone** with parking by permit only

Parking restrictions will continue to be enforced for street sweeping during designated days/times. Implementation of parking zones could result in installation of parking meters in some or all of the zones.

The Public Safety Department will be holding two Public Input Forums to receive input from interested citizens that will be included in a report to City Council for further direction.

Location: City Council Chambers, 825 Imperial Beach Blvd.

1st Meeting: Wednesday, November 28, 2012 from 5:30 – 8:30 PM

2nd Meeting: Saturday, December 1, 2012 from 8:30 – 11:30 AM
